

Avaya Partner Programming

- Make sure you are at Phone Extension 10 or 11
 - If you don't know which extension you are at, go to any display phone and hit feature 00. (Do not hit the speaker or intercom button before doing so.) Your extension will show on the display screen
- When you've identified Phone Extension 10 or 11, you are ready to proceed. Please follow the directions below
- Press Feature 00
- Press the Left Intercom Button twice (Normally located under line 1). You should now see "System Program" on the display screen
- Press the feature key, press the # key and enter the 3 digit system code from the chart below
- After completing your changes, hit feature 00 to save and exit.
